

CHOOSING YOUR RING SIZE

For the best result, please ensure the following:

- Before you hit 'Print', make sure that page scaling is set to 'None' in your print options.
- Ensure that the Ring Sizing Guide is printed on Standard A4-size paper for the best accuracy.
- The ring sizer on this document should be 89mm long. Please refer to the diagram below for more information.

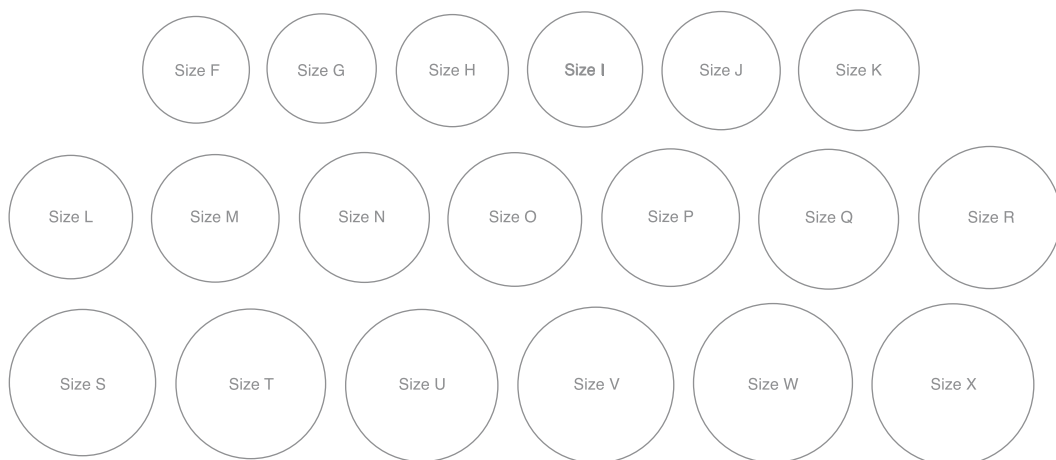

OPTION ONE: MEASURE YOUR FINGER

- Print and cut out the marked ring sizer as shown below.
- Wrap the ring sizer around the ring finger with the marked side visible to you.
- Note down the letter that is the closest to the slit on the fatter end - that is your ring size.

OPTION TWO: MEASURE YOUR RING

- Print the Ring Sizing Guide. For this method, you only need to concern yourself with the set of circles as displayed below.
- Select a ring that fits the intended finger properly.
- Place the ring over the circles until the inside of the ring matches a specific circle.
- If your ring happens to fall between two sizes, select the larger one.

This Ring Sizing Guide by Diamond Exchange is subject to inaccuracies dependant on print options, paper type and other possible factors.
